### SYMPOSIUM

Hyatt at The Bellevue,

Red Room

### SAGE:

*“Wise through reflection and experience; proceeding from or characterized by wisdom, prudence and good judgment” (Webster’s)*

### THINK BIG about the future of your Catholic school.

#### What do you aspire to be? What’s your “due north” vision for greatness?

As a Healey partner school, you’ve already considered and affirmed your mission. You know your school’s purpose and unique offerings in the 2017 education marketplace. In our exuberant and informative 1½ hours together, we will return to your hopes and dreams for your school in 5 or 10 years. Envision this school, and you will create it.

Combining power talks and Q&A, this symposium will inspire you to own your school’s future. You’ll also receive a practical takeaway tool. The symposium is especially for Catholic school leaders, board chairs and advancement/enrollment staff who hope to:

- Join the national movement to revitalize PK-12 Catholic education by defining and pursuing *your* school’s future.
- Hear from board leaders who have championed and reaped the benefits of connecting mission and vision for their schools. Also learn from other practitioners who will encourage you to lead as they share approaches and tools to aid in this vital work.
- Define what your school will become, and pursue it with passion.
