PURPOSE AND SCOPE:
The Board Chair is the leader of the Board. The Chair consults regularly with the Principal (and Pastor when appropriate) to anticipate and strategize issues, concerns and priorities as they relate to the sustainability and mission of the school. The Board Chair also performs all member responsibilities.

THE TRAITS AND THE INTANGIBLES:
Identifying a results-driven and capable Chair can be more of an art than a science. Often the skills required of the Chair change over time based on the school’s current state and challenges. The ideal balance of strategic and operational strengths in this pivotal role may shift over time.

The Chair understands their role as influencer in four areas: Board members, Principal, donors/community and parish/Pastor.

Someone probably not suited for this role:

- May be “nice” and may “mean well” and “love the school” but is not a change leader willing to advocate for a new way forward
- Helicopter parent who has tunnel vision on the school as it currently exists based on the experiences of their own student
- May have capacity but not the passion and strategic thinking needed to communicate a vision and plan

Someone well suited for this role:

- Believes in the school’s mission
- Experienced leader who serves as an agent of change
- Innovative – a visionary
- Entrepreneurial
- Collaborator who appreciates diversity of thought; elicits the input of all Board members
- Has a history of thoughtful and, when needed, bold decision-making
- Is goal directed, action and results oriented
- Holds others accountable and is comfortable delegating
